**Mission Statement** 

Established in 1979, Helping Hands: Monkey Helpers for the Disabled, Inc. is a national non-profit 501(c)3 organization that raises and trains capuchin monkeys to provide daily assistance to people living with spinal cord injury or other mobility impairments. Helping Hands supports each service monkey and his or her human partner during their many years together through interactive mentoring of the placement, and close supervision of the monkey's behavioral, nutritional and veterinary needs. Relying on private contributions, Helping Hands provides these specially trained service animals and their lifetime support free of charge to our recipients.

### **INDEPENDENT AUDITORS' REPORT**

To the Board of Directors Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled Boston, Massachusetts

We have audited the accompanying financial statements of Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled (a New York nonprofit organization), which comprise the statements of financial position as of December 31, 2016 and 2015, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Directors Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled as of December 31, 2016 and 2015 and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

#### **Other Matter**

Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The nonaccounting information shown on page three, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the financial statements. The nonaccounting information has not been subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we do not express an opinion or provide any assurance on it.

### MANAGEMENT DISCUSSION OF STRATEGIC GOALS

### DECEMBER 31, 2016

For Helping Hands: Monkey Helpers, 2016 was a year that was defined by transition and a focus on long-term planning. Now midway through our five-year strategic plan, the Board of Directors and Executive Staff reached pivotal decision-making points regarding planning for the program's future facility. After a search begun in 2015, we also welcomed a new Director of Development and Communication to our staff, filling a critical role in the organization with a strong, experienced professional.

Our strategic plan guides our commitment to strengthen the organization in four key areas: recipient support, monkey care, leadership, and financial resources. This year, monkey care, in particular, has been the subject of planning discussions focused on the changing legislative landscape in our country, and the retirement needs of our aging service animal population.

When Helping Hands' current facility was designed and renovated in 2004, it was our hope that our service monkeys would be able to retire in volunteer foster homes, returning to environments similar to those where they had been raised prior to training and placement. However, there is a growing trend in the country to implement regulations that prohibit individuals from keeping monkeys in their homes. This type of legislation has significantly limited the number of states that now allow volunteer foster homes. It has become clear that in order for Helping Hands to fulfill its commitment to lifetime care of our service monkeys, we must accelerate our plan to fund and construct a larger, more appropriate facility to house our animals during their retirement years.

A building committee task force of board members and other construction and management professionals has been assembled and the group has divided its efforts into four key areas: examining the value and sale prospects of our current facility, design and space planning for our future facility, researching potential geographic locations for our future home, and developing a financial plan for the project. Helping Hands has retained the services of a capital campaign consultant to assist us in conducting a feasibility study in 2017 that will evaluate funding sources and a timeline for our upcoming capital campaign. We look forward to hearing feedback from our supporters and encourage individual donors and foundation representatives to contact us if they are interested in participating in our initial facility planning activities.

As was noted in the 2015 management discussion, Helping Hands was fortunate to receive a one-time \$500,000 gift from a foundation donor that is being used to help fund the increased operating expenses associated with our strategic plan and capacity building initiatives. In 2016, we experienced some anticipated turnover with two of our foundation donors who have shifted their internal funding priorities and made smaller gifts to Helping Hands as a result. We were able to bridge this gap with funds from our Capacity Building and Strategic Plan Reserve as we continue to seek support from new foundations and individual donors to replace these funding sources in the future.

Helping Hands: Monkey Helpers is honored to have your patronage as we pledge our continued dedication to training, placement and support of our service monkeys that assist adults living with mobility impairments—as well as providing lifetime care to each one of our service animals. Your gift signifies a powerful commitment to our important mission, and will enable us to change lives through the human-animal bond for years to come. On behalf of our recipients and their families, our service monkeys, staff, and volunteers—thank you.

### NOTES TO FINANCIAL STATEMENTS

# DECEMBER 31, 2016 AND 2015

### NOTE 1 ORGANIZATION

Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled ("Helping Hands" or the "Organization") was founded in 1979 and later incorporated in March 1983 under the provisions of Section 402 of the Not-for-Profit Corporation Law of the State of New York and qualifies as a tax-exempt, not-for-profit corporation under Section 501(c)(3) of the Internal Revenue Code ("IRC"). Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled has been classified as an organization which is not a private foundation under IRC Section 509(a); accordingly, contributions made to this Organization qualify for the maximum charitable deduction for federal income tax purposes.

### NOTE 2 PROGRAM SERVICES

Helping Hands: Monkey Helpers for the Disabled, Inc. is a non-profit human services organization that helps adults with spinal cord injuries and other mobility impairments throughout the United States live more independent and engaged lives. We do this by providing them, free of charge, with a unique service animal: a highly trained service monkey to help with their daily tasks. These animals bring more than just a willing set of nimble hands to their recipients. They also bring companionship, joy, and the renewed sense of purpose that comes from taking responsibility for the health and well-being of another creature. Our work encompasses all aspects of this service:

- We raise, train and match the monkeys with carefully chosen recipients
- We provide extensive coaching and customized in-home training at the start of each placement
- We oversee each monkey's lifelong behavioral, nutritional and medical needs
- We provide ongoing active support and mentoring for every partnership
- We place retired monkeys in loving homes where they are well cared for

#### **Training and Education Program:**

Located in the Thomas and Agnes Carvel Foundation Center in Boston, The Monkey College pairs highly skilled, full-time trainers with monkeys to develop them into competent, reliable service animals. Every monkey is individually trained to perform daily tasks for their recipients within the home environment. Praise, affection, and small food rewards reinforce new skills. Training is customized to each monkey's personality and abilities. At each level, the tasks become more complex, and the training environment becomes increasingly home-like to prepare these service animals for life in their recipient's home. In this area of the program, Helping Hands training staff works with a rotating population of approximately 45 - 50 monkeys. In addition, this program also includes outreach to the general public, our applicants, and their families to inform them of our program services.

#### **Placement Program:**

The Placement Program is a comprehensive program that includes two categories: New Placement and Active Placement. The New Placement program phase begins when we receive a written application and references. Through a deliberate and careful process that includes telephone interviews, a home visit, and a readiness assessment, we gather detailed information about each applicant. After this rigorous selection process, our team matches approved applicants with monkeys in training to select the right monkey for the individual and the environment. When the final match is made, our Placement Team arranges to spend up to one week conducting on-site training in the recipient's home. Our staff also works closely with state officials to acquire all the appropriate permits to receive and house a Helping Hands service monkey. During the Placement Week, our Placement Team focuses on helping a recipient bond with his or her new monkey helper. They also conduct additional training to customize the monkey's skills to the recipient's specific needs and environment. Our staff teaches the recipient and his or her family and other caregivers about how to care for their new service animal, and about the monkey's behavioral, health, and diet needs.

During the first year of a new placement these new partners learn each other's capabilities and build a bond of trust and understanding. Our team carefully watches over each partnership during this formative time, staying in contact daily and then weekly with recipients to ensure the long-term success of this remarkable relationship.

We are committed to ensuring the long-term success of all our partnerships with recipients. We routinely evaluate each placement to ensure that it is developing successfully and to actively address the ongoing needs of our recipients. As relationships between recipients and their monkey helpers grow and mature, Helping Hands ensures that the interdependence between partners progresses productively. Our recipients can reach us by phone 24/7 for consultation, guidance or advice. And because we maintain ownership of our monkeys throughout their lives, we also oversee their ongoing health care and other needs.

### **Youth Education Program:**

Since 1998, Helping Hands has educated thousands of children about safety and ways to help prevent spinal cord injury by bringing informative and engaging educational programs to schools, camps, and youth groups. Our newest program, "Living Permanently Enabled", is a fun and lively 30- to 45-minute presentation focusing on disability awareness, traumatic injury prevention, and the concept of being permanently enabled in one's own life.

Helping Hands staff members describe our service animals, and then focus on teaching strategies for resilience and making the choice to live permanently enabled. Through interactive activities, film clips, photos and questions, our staff delivers a dynamic program promoting a message of resilience and awareness in an age-appropriate manner.

#### NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies which affect significant elements of the Organization's financial statements are described below to enhance the usefulness of the financial statements to the reader. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates; however, adherence to generally accepted accounting principles has, in management's opinion, resulted in reliable and consistent financial reporting by the Organization.

#### **Basis of Accounting:**

The Organization's policy is to maintain its books and prepare its financial statements on the accrual basis of accounting in accordance with generally accepted accounting principles. Consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when a liability has been incurred.

### Fair Value of Financial Instruments:

The Organization reports its fair value measures by using a three-level hierarchy that prioritizes the inputs used to measure fair value. This hierarchy, established by generally accepted accounting principles, requires that entities maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs used to measure fair value are as follows:

- Level 1 Quoted prices for identical assets or liabilities in active markets to which the Organization has access at the measurement date.
- Level 2 Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets in markets that are not active; observable inputs other than quoted prices for the asset or liability (for example, interest rate and yield curves); and inputs derived principally from, or corroborated by, observable market data by correlation or by other means.
- Level 3 Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

The primary use of fair value measures in the Organization's financial statements are the initial measurement of unconditional promises to give and the recurring measurement of the Organization's investments and of its beneficial interest in a perpetual trust. There have been no changes to this valuation methodology.

#### **Financial Statement Presentation:**

As required by the *FASB Accounting Standards Codification*<sup>TM</sup>, the Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. These classifications are related to the existence or absence of donor-imposed restrictions as follows:

*Unrestricted Net Assets* - consists of assets, public support and program revenues which are available and used for operations and programs. Unrestricted net assets represents the portion of net assets of the Organization that is neither permanently restricted nor temporarily restricted by donor-imposed stipulations. Contributions are considered available for unrestricted use unless specifically restricted by the donor.

*Temporarily Restricted Net Assets* - includes funds with donor-imposed restrictions which permit the donee organization to expend the assets as specified and is satisfied either by the passage of time or by actions of the Organization. Resources of this nature may originate from gifts, grants, bequests, contracts and investment income earned on restricted funds.

*Permanently Restricted Net Assets* - includes resources which have a permanent donor-imposed restriction which stipulates that the assets are to be maintained permanently, but permits the Organization to expend part or all of the income derived from the donated assets.

#### **Receivables:**

*Pledges Receivable* reflects unconditional promises to give. Receivables are classified as current if they are scheduled for payment within one year, and non-current when the expected payment date exceeds one year. As of December 31, 2016 and 2015, the non-current pledges were due within two years. Promises to give with expected payment dates that extend beyond one year are discounted to their present value when such amounts are considered material.

Management periodically reviews specific grants, commitments and agreements to determine if any balances are uncollectible. Management believes that all receivables are collectible; therefore, no allowance for doubtful amounts has been established. If balances due are determined to be uncollectible in subsequent periods, an allowance will be established at that time. For the years ended December 31, 2016 and 2015, there were no losses on uncollectible pledges receivable.

#### **Property and Equipment:**

Property, equipment, furnishing and improvement purchases in excess of \$1,000 are capitalized at cost, if purchased, or if donated, at fair value on the date of receipt. Expenditures for maintenance repairs and renewals are charged to expense as incurred, whereas, major betterments are capitalized as additions to property and equipment. Depreciation of property and equipment is computed using the straight-line method, and is charged against support and revenues over the estimated useful lives of the assets, as expressed in terms of years.

### <u>NOTE 3</u> (Continued)

#### Assets Held for Sale:

The Organization records assets held for sale at the lower of its carrying amount or fair value less cost to sell. The assets held for sale consists of the Organization's land, building and improvements that were placed on the market in December 2016.

### **Investments:**

The Organization maintains investment portfolios consisting of money market funds, fixed income corporate bonds, equity securities and mutual funds. Investments are recorded at fair value. As required by *FASB Accounting Standards Codification*<sup>TM</sup>, the Organization reports the investments' net realized and unrealized gains and losses at each reporting date in the Organization's Statement of Activities. Purchases and sales of securities are recorded on the trade date. In determining the gains (losses) realized on the sales of securities, the cost of the securities sold has been determined on a specific identification basis. Cash held in brokerage accounts is reported as investments for purposes of these financial statements. Investments are classified as either short-term or long-term depending on the underlying intentions. Endowment investments are classified as long-term without regard to investment composition.

### **Beneficial Interest in Perpetual Trust:**

During 2015, Management determined that the Organization should report the fair value of its beneficial interest in a perpetual trust (the "Trust") as a long-term asset as required by the *FASB Accounting Standards Codification*<sup>TM</sup>. The *Beneficial Interest in Perpetual Trust* is reported at its fair value, which is estimated at the value of the underlying Trust assets, and are classified within Level 3 of the fair value hierarchy. The change in the value of the *Beneficial Interest in Perpetual Trust* is reported as an increase or decrease in permanently restricted net assets. Income earned on assets held in the *Beneficial Interest in Perpetual Trust* is recognized as a component of *Investment Return* when received.

#### **Endowment Funds:**

Helping Hands has two donor-restricted endowment funds. As required by state laws, the Organization follows the guidance of the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"). UPMIFA establishes law for the management of investment of donor-restricted endowment funds.

The Board of Director's interpretation of state law is that the Organization, absent explicit donor stipulations to the contrary, may appropriate as much of the net appreciation as is prudent considering the Organization's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price-level trends, and general economic conditions. In accordance with UPMIFA, the Organization considers the factors on the following page in making a determination of whether to invest or appropriate donor-restricted endowment funds:

### NOTES TO FINANCIAL STATEMENTS

### DECEMBER 31, 2016 AND 2015

(Continued)

### <u>NOTE 3</u> (Continued)

- The duration and preservation of the fund
- The purposes of the Organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Organization
- The investment policies of the Organization

Income and appreciation earned on endowment investments are classified as temporarily restricted until appropriated for expenditure by the Board of Directors based on the above factors. From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level of the original corpus which is reported as a permanently restricted net asset. As required by the *FASB Accounting Standards Codification*<sup>TM</sup>, deficiencies of this nature are reported in unrestricted net assets.

The Organization has a spending policy of appropriating for distribution each year the endowment income to supplement operating income. For the years ended December 31, 2016 and 2015, the Board of Directors voted to appropriate \$9,630 and \$8,421 for distribution from endowment assets. The Organizations takes a conservative approach to investing its endowment funds, which are maintained in mutual funds and are reported as *Evans Endowment Investments* in the accompanying Statement of Financial Position.

#### Gifts, Grants and Contributions:

As required by the *FASB Accounting Standards Codification*<sup>TM</sup>, contributions are required to be recorded as receivables and revenues and the Organization is required to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions. Contributions may include gifts of cash, bequests, collection items, stocks or promises to give.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, at the time when the conditions on which they depend are substantially met. Contributions of assets other than cash are reported at their estimated fair value.

Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risk involved when such amounts are considered material. Support that is restricted by the donor is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction until the restriction expires, at which time temporarily restricted net assets are reclassified to unrestricted net assets.

#### **Donated Goods and Services:**

As required by the *FASB Accounting Standards Codification*<sup>TM</sup>, Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled maintains a policy whereby the value of the donated goods and services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation, are recognized as revenue on the Statement of Activities and are reported as expenses on the Statement of Functional Expenses. For the years presented, *Donated Goods and Services* consists of pro bono legal services.

#### **Functional Expenses:**

Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled allocates its expenses on a functional basis among its various programs and support services. Expenses that can be identified with a specific program and support service are allocated directly according to their natural expenditure classification. Other expenses that are common to several functions are allocated by various statistical bases and payroll derived ratios. Supporting services are those related to operating and managing Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled and its programs on a day-to-day basis.

Supporting services have been sub-classified as follows:

*Administrative* - includes all activities related to Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled's internal management and accounting for program services.

*Fund Raising* - includes all activities related to maintaining contributor information, writing grant proposals, distribution of materials and other similar projects related to the procurement of donated funds.

#### Advertising:

Helping Hands: Simian Aides For The Disabled, Inc. *dba* Helping Hands: Monkey Helpers For The Disabled uses print advertising and other media to promote its programs, including the Placement Program. Advertising costs are expensed as incurred. During the years ended December 31, 2016 and 2015, advertising expense totaled \$325 and \$9,300.

#### **Reclassifications:**

Certain amounts in the prior year summarized comparative information have been reclassified to conform to the current year presentation. Specifically, the presentation of the direct costs of special events has been included within the Statement of Functional Expenses and the *Loan Acquisition Costs* have been netted against the related long-term debt on the Statement of Activities. Reclassifications made to the prior year summarized comparative information have no impact on total net assets or changes in net assets.

### NOTE 10 RETIREMENT PLAN

The Organization maintains a salary deferral plan under section 401(k) of the Internal Revenue Code. The plan allows eligible employees to defer a portion of their compensation. Such deferrals accumulate on a tax-deferred basis until the employee withdraws the funds. The Organization, at its option, may match a portion of the employees' contributions. During the years ended December 31, 2016 and 2015, the Organization matched 25% of employee contributions, up to 8% of eligible compensation. The total expense recorded for the Organization's match was \$7,905 and \$4,715 for the years ended December 31, 2016 and 2015 and is included in *Employee Benefits* in the accompanying Statement of Functional Expenses.

#### NOTE 11 RELATED PARTY TRANSACTIONS

A corporation, wholly owned by an officer of the Organization, provides services, including routine repairs and maintenance on the heating, ventilation, air conditioning, and fire detection systems. The total amount paid to this corporation was \$15,236 and \$11,127 for the years ended December 31, 2016 and 2015 and has been included in *Maintenance and Repairs* in the accompanying Statement of Functional Expenses.

### NOTE 12 CONCENTRATIONS

Financial instruments which potentially subject the Organization to concentrations of credit and market risk consist principally of the Organization's cash balances, investment portfolio, and contributions receivable.

#### Cash:

The Organization is subject to concentrations in credit risk relating to cash balances. For the years presented, the majority of the Organization's cash deposits were held in three financial institutions. Cash deposits are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000 per institution. As of December 31, 2016 and 2015, cash balances in excess of the FDIC limit were \$5,098 and \$335,146, respectively. The Organization has not experienced any losses on uninsured cash balances and Management considers risk on concentration in cash balances to be low.

#### **Investments:**

The Organization invests or holds a variety of investment vehicles, including money market funds, mutual funds and preferred stocks and bonds. These investments are exposed to interest rate, market, credit and other risks depending upon the nature of the investment. Accordingly, it is reasonably possible that these factors will result in changes in the value of the Organization's investments; however, the Organization's investments do not represent significant concentrations of market risk considering the Organization's portfolio is widely diversified among issuers. The brokerage services are a member of the Securities Investor Protection Corporation ("SIPC") which protects securities customers of its members up to \$500,000, including \$250,000 for claims of cash.

#### **Pledges Receivable:**

As of December 31, 2016 and 2015, 73% and 89% of *Pledges Receivable* represents the amounts due from two donors.

### NOTE 13 SUBSEQUENT EVENTS

Management is required to consider events subsequent to the financial statement date for potential adjustment to or disclosure in the financial statements. Therefore, Management has evaluated subsequent events through May 11, 2017, the date which the financial statements were available for issue, and noted no events which met the recognition criteria.
