

ENVISIONING ACCESS

Innovative Solutions
for People Living With
Physical Disabilities

May 9, 2024

Dear Friends,

I hope this message finds you well. Today, I must share some distressing news with you regarding our beloved nonprofit, Envisioning Access. Our office has been struck by a devastating flood, rendering it not only uninhabitable but also unsafe for both the animals and humans we serve and work alongside.

This flood has caused extensive damage to our infrastructure, equipment, and supplies, crippling our ability to effectively carry out our vital mission. Envisioning Access is dedicated to improving accessibility and inclusivity for individuals with disabilities, as well as supporting the capuchin monkeys that have brought independence and comfort to so many facing physical challenges. However, without [your immediate support](#), we risk being unable to fulfill our commitments to those who rely on us.

We urgently need your help to recover from this disaster and get back on our feet.

Here's how YOU can make a difference:

1. Emergency Funding: Your financial contributions are crucial in helping us repair the damage, replace essential equipment, and ensure the safety of our premises for both animals and staff. [Every donation, regardless of size](#), will have a significant impact on our ability to recover and continue serving our community. We aim to raise \$30,000 by May 20, 2024, to begin our recovery process.

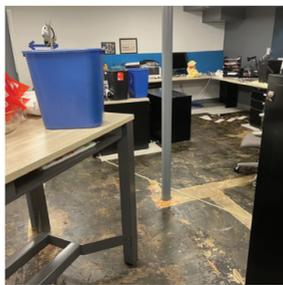

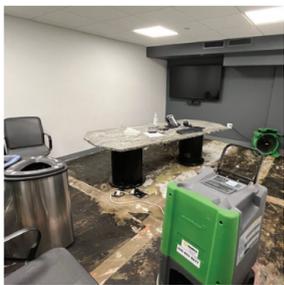

2. Spread the Word: Please share our emergency campaign with your friends, family, and social networks. By raising awareness about our situation, you can help us reach more people who may be willing to offer their support during this critical time.

Your generosity and solidarity have always been the cornerstone of Envisioning Access's success. Now, more than ever, we need YOU in order to overcome this setback and continue making a positive impact on the lives of those we serve.

To donate, please [visit our website](#) or [contact us directly](#). Together, we can rise above this challenge and rebuild a safer, stronger Envisioning Access for all. Thank you.

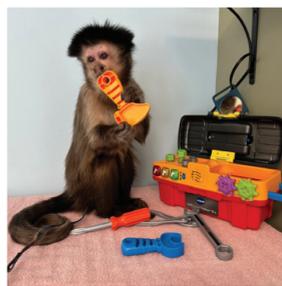

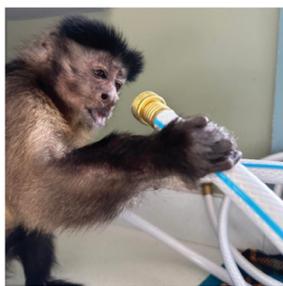

With gratitude,

Diane S. Nahabedian
Executive Director
